Religious Education at Our Lady of Dolours encompasses and supports the Archdiocesan vision for Religious Education. This vision encompasses two dimensions of Religious Education. The first being the teaching and learning of Religion, and the second being the promotion of the Religious life and Catholic ethos of the school community.

Vision
Our Lady of Dolours is a Christ-centred school that believes in developing the unique faith journey of each individual. We are committed to the spirit of our vision and strive to teach, learn, think and act with the Compassion, Justice and Wisdom of Christ so we can fully live, love and learn in communion with our ever-changing world.

Policy Statement
The purpose of Religious Education at Our Lady of Dolours School is to nurture the Catholic faith and its teachings in our children. We seek to help them to live this faith and encourage them to develop a better relationship with God and others around them. Central to our ethos are a curriculum that teaches the essential tenets of the Catholic faith to students, as well as complementary opportunities for prayer and worship, which lie at the heart of our faith. We endeavour to promote and encourage these together with the skills and attitudes necessary to live out the Christian message in the modern world.

We believe Religious Education should promote the development of the whole child and prepare them for the opportunities and responsibilities that lie in their future. Religious Education is delivered through the implementation of the curriculum and is also fostered through the Christian conduct of school teachers, staff and students, as well as links with home, Parish Church and the local community. We believe Religious Education must be woven into the fabric of school life.
